Papers submitted to STRUCTURAL Web Magazine **will be subject to refereeing process – SINGLE-BLIND PEER REVIEW** by the Editorial Board and by Italian and international experts in the fields of interest of the magazine.

The contributions that fulfil the editorial standards of the magazine (see PUBLICATION ETHICS | AIMS AND SCOPE), and have a clear scientific character, will be accepted for publication in the magazine, and an **ISSN** and **DOI code** will be assigned. The final version of the submitted manuscripts should be prepared and delivered as described hereafter and the Authors are required to sign a Contract with the Publisher (in preparation).

STEP 1 - MANUSCRIPT SUBMISSION REQUIREMENTS

Manuscripts can be submitted either in Italian or in English, or, in both languages (one of these in a short version, at author's choice). The manuscript should be complete with all of the data and elements proposed, and it can be either in Word or PDF format. It should include:

Authors are required to submit their papers both to the editor-in chief, Donatella Guzzoni (dguzzoni@outlook.it) and to the assistant editor, Chiara Falcini (redazione@structuralweb.it)
